

**Associate Professor Position in the Research Section of Earth Observation Systems,
Disaster Prevention Research Institute, Kyoto University**

September 17th, 2024

The Disaster Prevention Research Institute (DPRI), Kyoto University invites applications for a permanent Associate Professor position.

Location: Research Center for Earthquake Hazards, Disaster Prevention Research Institute, Kyoto University, Gokasho, Uji, Kyoto 611-0011, Japan (**at home or other place if University allows or orders to work remotely**).

Job description and required qualifications:

The appointed associate professor is required to have willingness to contribute to the improvement of seismic hazard prediction from the standpoint of observational seismology. The candidate is expected to conduct observational research mainly on aftershocks of large inland earthquakes and earthquake swarms in addition to using data from existing seismic observation networks, in order to clarify the spatiotemporal characteristics of crustal activity, such as hypocenter distributions and focal mechanisms. The candidate will have responsibility for education in the Division of Earth and Planetary Sciences, Graduate School of Science, Kyoto University. The candidate must hold a Ph.D. or equivalent degree and it is preferable to be able to use Japanese on a daily basis.

Anticipated start date: As soon as possible after the selection.

Probation period: 6 months

Working time: Discretionary labor system (standard working hours: 7 hours 45 minutes per day, 38 hours 45 minutes per week). If the discretionary labor system is not chosen the working hours are from 8:30 to 17:15 with a break between 12:00 to 13:00. Overtime may be ordered. Days off: Saturdays, Sundays, Statutory holidays under the Act on National Holidays, Year-end and New Year's holidays, and Anniversary of Foundation of the University.

Salary and Allowance: To be determined in accordance with Kyoto University regulations.

Social insurance: (1) National Public Service Mutual Aid Associations, (2) Employee's pension insurance, (3) Unemployment insurance, and (4) Worker's accident insurance.

Applicants should prepare the following materials:

(1) Curriculum vitae

- (2) List of publications (divided clearly into refereed journal papers and others)
- (3) Copies of five relevant papers
- (4) Brief summary of research and related contributions (up to two A4 pages)
- (5) Statement of research plans (up to two A4 pages, including figures)
- (6) Recommendation letter(s) or names and contact information of two references (include addresses, telephone numbers, and e-mail addresses)

The complete application package must arrive by the deadline of 17:00 JST, November 18th, 2024 at the following address:

Selection Committee for Earth Observation Systems Associate Professor
Administrative Office, Uji Campus,
Kyoto University
Gokasho, Uji, Kyoto 611-0011 JAPAN

Applicants must send the package by registered mail or direct submission. Applicants are not allowed to submit it by e-mail or through internet.

For inquiries, you can send e-mail to apply_staff 'at' dpri.kyoto-u.ac.jp (replace 'at' with @)
